The Lady:

Alex is a very lady in her twenties with light brown or dark blond hair and blue eyes. She stands about 5'8", I think, with a terrific figure.

The Story:

I visited Alex in her 'mistress' guise to be spanked in front of a female, vanilla audience. (Bear in mind that the fee £350 includes the cost of Alex's three friends attending.)

Alex went to great lengths to discuss my interests by email prior to our session, as well as having a further chat in person in the bedroom when I arrived. She was to be the head girl, me the naughty 16 year old schoolboy in school shorts and knee length socks in need of punishment. Dressed in her short school skirt, white shirt and tie, 'Miss' grabbed my wrist and marched me into the living room where her three pretty, young guests - all in their early twenties - were waiting, drinking wine.

Alex had promised that the girls were 'very vanilla' and they didn't disappoint. Three attractive young women in short skirts, their faces were a picture as Miss dragged me before them. One was literally open-mouthed at the sight of this overgrown schoolboy being taken in hand by the lovely Alex.

Miss told me off while I faced the grinning girls, and announced that she was going to spank me. I was ordered to bend over her knee, right in front of where the girls were sitting. As Miss proceeded to smack my backside, the girls giggled shyly and whispered comments at the spectacle. Further spankings followed in a variety of positions, but always in full sight of the girls. Between smackings I was made to stand hands on head facing them for maximum humiliation, while Miss Alex continued to scold me, making me say how naughty I was. I also had to serve drinks while the young women chatted. Alex also had me sitting on a small child's stool, about a foot high, writing lines on a blackboard, much to the amusement of the audience. There were gasps and more giggles as Alex displayed my pink, smacked bum to the girls. She also slapped my thighs causing one girl to observe gleefully, 'His thighs are wobbling!'

Finally, Miss administered a slippering, first explaining to the gang that she would be using a

plimsoll because it's much harder than a carpet slipper. Their eyes widened in astonishment. She asked the girls if they knew what the slipper was and asked how many whacks I should receive. 'Nine,' said the girl whose jaw had dropped at the start of the session. Thwack! Thwack! Thwack! The girls smirked as Alex whacked my buttocks with the rubber sole of her plimsoll.

I was made to apologise for my behaviour and thanked the audience before being dismissed.

A thoroughly enjoyable session.
