The Story:

This was my first time with Tess although I have seen other girls at this venue . I wasn't kept waiting in the room for long and when she appeared we were straight into kissing and cuddles . this was followed by tess stripping of with some help from me and a good old exploration of her naughty bits ,all this before we discussed what I would like and prices . When we finally sorted this out I went for oral and sex with some very intimate fore play lots of fingers and tounges in all her openings which made for a very enjoyable half hour . This girl loves her work and gives a real G F E will be seeing her again soon .
