The Story:

This was my first visit for a while and I was looking forward to getting my tongue into a nice tasty pussy. Having done the paper work she returned and I stripped her of her knickers and bra then pushed her onto the bed on her stomach.

I went straight in between her little buttocks tonguing her pussy and rimming her arse.

I rolled her onto her back and sucked her labia while tonguing her little clitty.

Being a bit desperate I put the condpm on my self the lifting her legs to her chest I rammed her hard for only a couple of minutes before dumping my load into her nice wet pussy. Pulled out and gave her another licking before letting her clean my cock.

Great punt and always my favourite place, new girl every week and I try to see each one if I can.
