The Premises:

One of the usual places.

The Lady:

Brit, mixed race, her profile states 40 something in age which seems about right, very attractive, above average height, slim, brunette, medium sized breasts most likely natural but with visible scars on the underside suggesting surgery as some point, fully shaved between the legs, very engaging personality but in a professional way like a British Airways stewardess rather than a hairdresser. Photos a good likeness.

The Story:

Lola's reported background as a bunny girl intrigued me and I could see from her photos that she would have easily fitted this mould. She had no other reviews at the time of my visit despite being around a few months which suggested either established punters were trying to keep quiet about her talents or there was nothing worth saying.

Things started off promisingly with a warm welcome and a peck on the lips but went downhill a bit when I tried to transmute this into LFK which she resisted. She explained that french kissing wasn't about sticking tongues down throats and offered show me how to do it properly. Her technique was open mouthed but did not involve use of tongue at all until I pointed this out and she responded with the very occasional light flick which I suppose just pushed it onto the right side of trade descriptions act. Sadly it was nothing like the fk experiences I've had and enjoyed with hundreds of ladies both in the industry and outside including many dozens in Annabellas and the other parts of HoD group.

Her owo technique was reasonable so I decided to make the most of this as her fk, the service which normally predominate my punts, was doing nothing for me. I expressly told her not to stop when I started coming (and said it twice to reinforce the message) but unfortunately this is precisely what she did as she released all contact and stopped all movement between her mouth and me though I suppose she once again stayed on the right side of the trade descriptions act by keeping me inside the open cavity of her mouth as I ejaculated. I hate this as it kills the moment.

In summary, I did not find Lola to be in the same league as the best Annabella's has to offer. Several of these premier league ladies were on the roster that day but wanting to see someone different I selected her. She was very personable though which would have made it harsh for me to have responded no to the recommendation but there were limitations in her service which punters might consider dealbreakers. It therefore would not have been appropriate for me to have responded yes either hence the neutral verdict.
