The Premises:

A large block of apartments on a busy road with plenty of people coming and going through reception so anonymous entry is easy. The flat itself is small but ideal. Very discrete. A large bed, a sofa and a big mirror. Bathroom is adjoining with a nice, hot, powerful shower and plenty of clean towels.

The Lady:

Isabel is brunette, about 5'4" tall, slim (she say's 8-10 but I'd say much closer to 8) with tastefully augmented breasts (i.e. not in the comedy football style) and an arse to die for. Her profile says she's 30 and that seems honest to me. She's a very pretty lady and has stunning hazel, come-to-bed eyes. Her fully-shaven pussy is tight, sweet and wet and I could lick it for hours. I think I may have fallen in love with her arse which is magnificent.

In short she's my idea of physical perfection.

I had asked her to wear her secretary outfit and the sight of her in a cropped white blouse and tight black skirt is like something out of my wildest fantasy.

The Story:

I'd called Isabel the day before to set up the booking and her soft sexy accent as she asked me what I wanted to wear was an indication of what was to follow.

On arrival Isabel was dressed as my slutty secretary as described above with some killer heels and stocking and suspenders underneath. Her appearance took my breath away. She invited me to take a seat on her sofa and got me a drink and we had a short but playful chat as we got to know each other but even then we were struggling to keep our hands off each other with lots of touching and some FK.

I took a quick shower and when I came out Isabel was bent over the sofa wiggling her arse at me. Christ, she looked good and I simply had to have her. We started slowly, me kissing and licking her back and neck and then moved onto the bed. What followed was a whirlwind of FK, licking, sucking and fucking. Lots of great owo with eye contact before on with the condom and she straddled me.

"Would you like to fuck my pussy?" she asked coquettishly

Well, yes. Yes, I rather would.

Several rounds of sex followed in missionary, cowgirl and doggy interspersed with more oral, some 69 and lots of FK.

This lady is like a sexual force of nature: she loves sex and if you're happy, healthy and up for it she'll leave you, like me, collapsed in a sweaty, yet fully satisfied, heap. It is exactly what the term "GFE" was invented to describe. Except of course she goes far beyond what any English girlfriend would normally provide. And she's intelligent too so perfectly able to engage you in good conversation although, like me, you'll be unable to keep talking for long when you get another sight of her arse...

Would I recommend? Absolutely yes. Would I go back? Yes, again and again.

This was a very, very good day at the office.
