The Premises:

Top floor of a town house, what a climb!

The Lady:

Aida looked a bit like a student. Big framed glasses, piercing just above her lip and another on her tongue. Really nice heavy and natural breasts and responsive nipples. I asked her who she was, and she pointed at her naked body and said "this is who I am today".

The Story:

This was Aida's very first day at Annabella's and her very first time she has worked in the industry.

So if she isn't back next week, apologies its my fault.

She was out of her clothes in seconds and almost immediately into a hug.

She is very eager to please and obviously wants to do well. A bigvcheerful happy young woman

I asked her to slow down a couple of times and advised her that she wasn't in a porn film.

Her tongue stud felt fantastic on my knob. I recommend you see her and get down to some oral.

Cow girl and finished in missionary.

Only light kissing but this may change as she gains experience.

If you like big natural boobs and tongue studs then go and see Aida. But as I was her first client, there is a danger, everyone else will be second best (LOL,)
