Dirty, disheveled, more akin to a uni student's place of residence than a decent home

### The Lady:

Louise is a polite girl and pretty good looking

### The Story:

I was escorted inside and immediately taken through the home and led upstairs. Louise was very talkative right from the word go, i got undressed and handed over the money. She asked me to lay down and began to suck me off...it was pretty much down hill from there. This girl gives very bad oral, I asked her to be gentle but it didnt make any difference, infact i asked her to stop at one point because it simply wasnt pleasurable and had started to become uncomfortable. I next wanted to give her oral and i regret doing so. Now i dont know whether she had recently urinated before we met but licking her out didnt taste very nice, so i gave that up. I was a little flacid at this point but once i got hard we had sex doggystyle, to be honest i dont think either of us were enjoying it and i must've checked my watch at least three times. Of course i maintained politeness and courteousness all the way through our time together but after about twenty-five minutes i just wanted to leave. Afterwards she started talking again, went on and on about her life which was pretty sad in parts. Not sure why she wanted to tell me, maybe she thought i was someone she could simply "talk" to. Afterwards i got dressed and was shown the front door, wished her a happy Christmas and left. All i can say is that whilst she was a nice girl she really didnt make me feel like i had had a good time, infact i paid for an hour and only got about forty minutes worth of her time so i feel ripped off. Safe to say i wont ever be going back.
