The Premises:

Mistress Alex has comfortable, discreet premises in a safe area of London. They are well-appointed and exceptionally clean. I felt at ease the moment I arrived. The premises are easily accessible via public transport or taxi. In addition to the wonderful playroom, there are hotel-quality shower facilities. They are the finest and most discreet premises in which I have ever played.

The Lady:

Mistress Alex is absolutely stunning. The photographs on her website simply do not do her justice: she is even more gorgeous in real life. Mistress Alex has a beautiful face, wonderful long hair that cascades down, and the sexiest body I have ever seen. To describe Mistress Alex as a Dominant Goddess would be an understatement: she is the most beautiful and sexy Domme I have ever met. Amazing!

I had asked Mistress Alex to wear a particular outfit. She kindly obliged, and looked incredible. The vision of her during our session will stay with me forever. Mistress Alex made me a very happy sissy indeed!

The Story:

I visited Mistress Alex for a sissy role-playing session. I decided to contact her following a handful of sessions with other Mistresses that didn't really work out. I thought that Mistress Alex, as a switch, might have a better understanding of a scenario from a submissive's perspective. I was not disappointed.

I have visited over 30 Mistresses for sissy/forced feminisation sessions over the years. They have included Mistresses who advertise that they "specialise" in playing with sissies. I can honestly say that my session with Mistress Alex was the best sissy session I have ever experienced: by a country mile. Mistress Alex was so understanding of my desires, and such a fabulous role-player, that for the first time ever my sissy fantasy actually came true. It was an exceptionally good session, and I am so glad to have finally found the Mistress of my dreams. My search is finally over.

After a quick chat in Mistress Alex's premises, during which it was obvious that Mistress Alex had read and understood my suggestions for the session in a way that no other Mistress had previously been able, I was dispatched to a local bar. A few moments later, Mistress Alex approached me in

the bar and subjected me to a deliciously humiliating role-play where she revealed that she knew I was a sissy and teased me in public before luring me back to her premises.

Once inside her premises, Mistress Alex treated me to an incredible sissy training session. She dressed me in pretty lingerie and lipstick before humiliating me in an amazing manner. Mistress Alex seemed to know exactly what to say and do at every stage: she seemed to understand my fantasy better than I did myself! My fantasy really did come to life.....and I discovered that Mistress Alex has an extraordinary talent for pegging!

Mistress Alex is amazing. If you are a sissy, you should book a session with her immediately. You will not be disappointed!
