The Premises:

I met this Russian minx at a discreet incall flat in the West End. It's very conveniently located for Leicester Square tube, so was very easy to get to. It's a beautiful flat and very nicely furnished inside. She works with a friendly maid who brought me a drink at the beginning, but otherwise kept out of the way.

The Lady:

Her looks are truly amazing. Piercing blue eyes, curly blond hair and luscious scarlet red lips. You can tell she is working out on a regular basis, her thighs and peachy bum drove me crazy and got me rock hard pretty much instantly! Her body is very proportional and pleasing to the eye - slim waist and wide hips, pretty arched feet and red painted toes.

Russian minx is down to earth and pleasant to be around, genuine smile and sparkle in her eyes with a touch of mischief. She made me feel welcome and wanted.

The Story:

I was specifically looking for an open minded lady who specialises in foot jobs. Her feet have that perfect arch which is my biggest weakness and she certainly knew what she was doing with it! She created the perfect eye contact, slightly putting me on edge.

I felt like in heaven while she was stroking me, not being able to last very long with her intense touches, and feeling her slippery, pretty feet wrapped around me. I feel I have finally found my perfectly arched feet madam and will be coming for more and more. I'm think I may be addicted!
