The Premises:

SW3, a block of flats that I'm sure most of us here are well aware of.

The Lady:

Petite-slim type, 161cm, around 40kg. One of those girls who are actually really slim. Claims to be 19 although I read in some review that she might be 23 or 24. In either case she certainly looks no more than early 20's and does look like her pics. Better in fact: not older, not fatter and not uglier as often happens with agency galleries vs real life. I certainly give very high marks for looks. Body a straight 10/10 and face perhaps 8/10. A slim super-hot girl.

Experience

Opened the door dressed only in bra, panties and high heels. All black in color. Stunning killer looks. Just wow! Really I mean really hot looking young girl. Could easily be a model on the catwalk if not for insufficient height (161cm she said).

Usual routine: introduction, pay, shower. Then on to bed. 69 ok. Do that for a few minutes. Enjoying what is one of the most beautiful pussies I've ever seen. Got to lick the ass too a bit. That part was certainly good.

No OWO which is a bit disappointing. Ok no problem, it does happen. I Never take OWO for granted anyway. Then get into missionary for a minute or two. Asked if she does Anal. Yes for an extra £100 she said. I said ok and paid another £100 immediately (requested by her which is kinda awkward given what kind of activity we were undertaking).

Then goes what she supposedly tried to sell as 'anal': holding my 'friend' in her hand and pressing it to her backdoor entry area without actually even a hint of actual penetration (my 'friend' is not too small but not too big either. Certainly not something to pose any discomfort for A level on the receiving end). And I'm not talking about actually trying or attempting to get it in there. Just a somewhat very lame and unconvincing way of pretending to do it. In fact she was holding it in a way that was most probably meant to prevent it from going in due to my action. I know sounds weird and awkward but that's precisely what happened. It was obvious that she was not actually going or planning to do it (as opposed to taking £100 for it).

I suppose by this time some punters would get very pissed off and start a conversation about service quality with the girl. But I decided to stay put and pretended that it was alright. At the end of the day you cannot force somebody to do things that they don't want to in those kind of situations and arguing over it is not going to fix the problem. Trying to get £100 might have been worth trying I suppose. I just don't like to be in that kind of situations and decided to just leave it. After all it's almost always a hit and miss unless you go for a girl who's got tons of 10/10 reviews. It wasn't one of those cases and some reviews that I managed to pull are more or less in line with my experience which should probably have rang some alarm bells. The only really nasty bit was those £100 for a-level which never was.

Summary

Overall looks: 9/10
Body: 10/10
Face: 8/10
Overall service performance: 3/10

Be extremely careful. Or better, just avoid.
