HoD, they have a ton of reviews. Nice and discreet

The Lady:

Long long hair, tan, curves popping out of her very short teddy, looked great. Pictures on the site are accurate, but she's much prettier when you see her in person with a smile on her face.

The Story:

Princess was fantastic. The only bad note was that she doesn't do rimming as it said on the website, apparently she's told them before to change that and they haven't. Oh well. Got me hard with soft kisses and a very nice blowjob. Some spirited attempts at deepthroat as well, but I'm quite large. Then she got on top of me, and it was spectacular. Her riding me, her boobs brushing against my chest, more kisses, moaning in my ear. I'm normally not so hot on having the girl on top, but this was incredible. Went on to other positions, including watching ourselves in the mirror which was really hot. Finished with her lying down and me coming on her lips and neck, which looked so fucking sexy. Not sure she always offers this though. Afterwards we chatted away, really friendly and easy. I don't go looking for GFE, but if this is what it's like done right, I can see why people do. Princess is an absolute sweetheart, gorgeous, and made me feel great, loved the time I spent with her.
