The Premises:

Bambi has a purpose built flat in a pleasant part of Sutton, fairly easy to find and quite discrete.

The Lady:

Bambi is pretty much as she appears on her Acemassage page, with a nice body and an intimate piercing. She has an amiable dog, who comes to say hello.

The Story:

I like this lady, she has a very good attitude, she did mention on the telephone, that everything is with, which I respect. I was welcomed into her flat and offered a drink, after a freshen up it was off to the bedroom which was dimly lit. I would have preferred a little brighter lighting so I could enjoy looking at her lovely body. We kissed and cuddled, then she went down on me. she does this very well, really deep. then she tried to get on top, but I have a problem which made it difficult, so we switched. Apart from my problem we got on really well and I may well try again. I think that she does some less vanilla services as well, but they are not for me. I would really recommend this lady, she really tries to give you a good experience.
