The Premises:

Immaculate as usual. Free parking. Easy parking. The room was dimly lit and with nice soft mood music, perfect for the outstanding sensual experience to come.

The Lady:

Slim and tall English brunette. Lovely large boobs and perfect big nipples (more about that later!). Beautiful smile and she is well-spoken :)

The Story:

Rachael was kind enough to fit me in for an hour at 6:30, though that meant she'd be staying 30 mins beyond their closing time of 7pm. It was her last day before Christmas and had been busy with a string of regulars. Regardless, she was fresh and bubbly as she came in with my orange juice.

The massage itself followed the usual routine described well elsewhere (see other Ego-Massage FRs). Had a shower with body scrub, face down on massage table. Rachael removed her white uniform and her black bra. A pair of nice large natural breasts sprang out to welcome me.

I was watching her massaging me in the mirror. The thing that stood out quite prominently (if you pardon the expression!) were her beautiful big nipples, which I could see as a silhouette against the wall that was lit behind her. This raised my anticipation of what was to come towards the end. At one point while I was on my front she leaned over my head to rub her breasts on my back, while also tickling my balls and cock between my (now parted) legs. When it was time for me to turn over she was leaning over me with those gorgeous boobs hanging within playing distance right over my face. I asked if I can touch and she smiled with an encouraging 'yes'. I played, and squeezed gently and Rachael lowered her nipples into my mouth, to suck each one in turn. Heavenly! With no rush Rachael brought me to a shuddering climax. She helped clean up.

Totally satisfied, and despite the pissistent rain, I went into the night a happy man, having finally got the chance to sample Rachael's delights. I shall return, maybe have her with Poppy in a 4-hands massage. Did I say I like large natural breasts? LOL.
