The Premises:

2nd floor flat in a block at the back of Borough High Street. OK area, but I went during the day, kids bikes in the stairwell on the way up. Flat is perfectly nice inside, tidy but nothing special.

The Lady:

Petite, busty (enhanced) Turkish girl, 30s? Lovely and slim, with a very cute arse. Attractive enough, but I go for personality. This is my second visit as I found her very pleasant company the first time, and she has a very honest and sexy attitude.

The Story:

Just the basic service, oral and sex with everything covered. Did the nice thing of putting on the condom with her mouth. I did RO on her and she really loved it, then I had a really great time whilst holding on to her slim waist - excellent! She doesn't like to be on top, apparently, and I suspect anal not on offer (but then I didn't ask!).

She's been doing this for years, several at this place. And she likes it all so much that she even kept it up after getting married - but hubby doesn't know! May sound a bit corny, but I'm sure it is true. As she said, 'Who doesn't like a brothel girl - my man certainly does!'.

I would like to return, but Tuesdays are not her normal day. Don't know what the other girls are like.
