The Story:

This encounter easily qualified as yet another title contender for the Confucius best punt ever award.

I couldn't pass by the opportunity of booking a Prestige lady on a trip to the North East despite being weary from extensive travelling. I have to admit wondering immediately beforehand whether I'll be up to it but in the event, I fired on all cylinders from start to finish. As always, I was seeking a girlfriend experience and Jules role-played this to perfection complete with compliments and sweet nothings as in the early throes of a blossoming relationship. So well played in fact that it seemed natural and I could have been easily persuaded that our time together wasn't on a professional basis.

I found myself warming to her quiet unassuming nature to the point of really fancying her. As often happens, time flew and before I knew it was time for her to go leaving me hoping that I'll have the opportunity to see her again before long.
