The Lady:

Delightful ebony lady in her early twenties.

The Story:

Meeting was at my central London hotel. Amber arrived perfectly on time, dressed sexily but demurely.

I had the pleasure of meeting Amber for a two hour appointment last week at my hotel after a couple of false starts. She was very professional in comms and her pictures do not quite capture her vivacity and beauty. Amber is very friendly and was great fun, she has a nice very curvy body and she was a passionate kisser. Her skills were pretty sensational, up there with the best I have had!

Amber has a wonderful kinky streak she seemed keen to explore and a perfectly spankable bottom. Suffice to say that this lady is absolute class, great looks, great figure, wonderful sense of humour and, and, oh yes a delightful lady in the boudoir.

All in all a wonderful time with a wonderful lady!
