The Story:

2nd visit to Ego and first visit to see Poppy. I was keen to see Poppy based on previous FR's.

Rang the bell and was shown into a small waiting area by the friendly maid who asked if I wanted a drink. Another punter came in about a minute later so I was held in the waiting room to avoid any awkward meetings. The maid showed me upstairs to the room a couple of minutes later when I was soon greeted with a handshake and a peck on both cheeks by Poppy. Poppy asked which service I wanted (deluxe b2b) and asked me to remove my clothes while she did the same. Onto the massage table face down for a truly relaxing massage, with good attention paid to tension in my shoulders and neck. Poppy seemed to work from light tickles through to harder pressure - her touch was never predictable which added to the excitement! Plenty of attention paid to my bum and bits whilst I was laying on my front, all alternated with massaging my arms and legs - she also put the heater on, unprompted, when she noticed how cold my feet were!

I must admit I lost track of time but it was soon time to turn over. More gentle teases and touches followed and Poppy guided my hand to her firm bottom as she rubbed my chap against her now oiled breasts. I won't go into further detail but needless to say I enjoyed a very happy ending.

There was just time left for Poppy to help me clean up and then for me to jump in the shower.

All in all, a thoroughly relaxing, and erotic experience with a beautiful and charming lady. Thank you Poppy!
