The Premises:

A small apartment in well known serviced apartments 5 minutes walk from South Kensington tube. Clean and functional.

The Lady:

As the agency description although a couple of smallish tattoos have been airbrushed out. A little older than the agency describes. She has a pussy body piercing although it didn't get in the way. Nice natural tits untouched by any surgeon.

The Story:

This was arranged at short notice as I happened to have a spare couple of hours during a day trip to London. I called the agency and we went through a number of options on the phone and eventually I settled on their recommendation of Leona. This was a standard 2 hours/2 pops session.

After a quick shower (sorry I used the wrong towel Leona) we got down to some oral action. Initially one-sided and then 69. Very nice! However, I note on her profile there is talk of DT and CIM and I have to say neither of these were on offer to me (but nor did I ask her for them). Regardless it was good and then she climbed on top to complete round 1.

Clean up and small talk and after a while the boy's ready for round 2. Lots more oral and then missionary with some FK - boy was that good! The problem now is that I had not been tracking the time and we were actually only 1 hour into the 2 hour session.

More small talk and then lots more oral and it looks like a round 3 might be possible? I haven't done 3 pops in 2 hours for many years Anyway, unfortunately this was unsustainable and so we eventually give up. Final clean up and I'm on my way after a nice unrushed 1 hour 45 minutes.

So, it was all good. The only comment I would make is that I arranged this blind without seeing Leona's web page and normally I am much more organised. If I had known CIM and DT were available then I might have been more insistent.
