The Premises:

Easy to find and a good rear car park felt very safe during day time hours,inside was a little dark,and the reception desk seem tucked away in the corner seemed odd for such a large reception area.

The Lady:

extremely pretty girl about 5 foot tall with blonde hair and of Spanish origin.

The Story:

Now I'm more older and slightly overweight it doesn't feel right being naked in front of a young women!still needs must,we both entered the room together she suddenly left saying she had not taken a pill or something? so I lost my clothing and sat on a very large high heel shoe/chair in the corner and waited in anticipation for her return.she entered the room and came across to me,I caressed her body and enjoyed our time together,it would of been better if I would of let her lead! maybe next time,I'm sure she used heat related lube because I didn't seem to last long,all the same a very enjoyable time together at least for me .
