The Story:

I had seen her once before this occasion with one of her friends called Nicola as a Incall in central London and really enjoyed them so I decided to treat myself whilst on a stop over

I had arranged for 90 minutes originally with the agency who were very good and friendly but we extended by 30 mins as we had such a wonderful time but I would have kept her all night if bank balance would have allowed

Arrived 5 mins early but did call to see if it was ok to come up which it was, she was smartly dressed in the black dress I had mentioned as a preference to the agency

I was made to feel good from the start as she remembered me or convinced me she had anyway

I had the most wonderful so blow job with deep throat and after we chatted and I decided to extend as I wanted to fuck too as she was wet and enjoying herself this we did and she was certainly very willing and eager to please

Overall a great experience and will be back for more of the same next time I'm in London area
