The Lady:

As per the website stunning young lady with a great attitude. East European but English is about 8/10 so understands what you want and delivers. Short dress and stockings as requested on the phone

The Story:

Scarlet was just what I needed after a few days of stressful work. A really pretty and cheerie young lady that brightened up my evening. All services were on offer including a bit of anal play. She also loves to French kiss which is not always available especially for us smokers which she didn't seem to mind.

I wish I had had more time so I could have extended the appointment but maybe next time I will book her for longer.

I really hope we do not leave the EU as these websites with really cheap European ladies may decide to go elsewhere as well and that could bump the prices back up again. Remember that when you are voting in the referendum 8)
