The Lady:

Bottle blonde, late 20 something, reportedly Hungarian but almost certainly from central-eastern Europe, slim, very attractive, slim-medium build, medium-large breasts, fully shaved, very good command of English and an excellent conversationalist.

The Story:

I'd only previously seen Elise the once and that was in 2011 (my very enthusiastic review of that punt (number 105820) is still up) then she'd went off the radar. I'd always wanted to see her again because of her highly passionate nature and especially her amazing dfk though I did wonder whether the services on offer nowadays might have been toned down as they are listed as discretionary on her profile. I needn't have worried as in the event she was every bit as passionate as I remember.

She'd greeted me very warmly with a fk saying that she recognised me instantly despite the gap of nearly 5 years. Most of our time together was spent dfk'ing but we also found time for my usual favourite activities of frottage, owo, ro & fj. The conclusion was by mouth for a cim finish and what a climax it was - it went on powerfully for at least 30 seconds. It was no surprise when she remarked that I came in enormous volumes which I'm sure is down to how much she'd fired me up.

There's no doubt in my mind that Elise's in the premier league of incall providers and I will recommend her highly.
