The Premises:

Becki was using a national chain hotel in Milton Keynes on the outskirts of the city centre. Very nice location with plenty of parking space. The room was compact and functional with good quality furniture, fittings and décor.

The Lady:

Becki is exactly as she appears in her AW photos*. Blonde, very very pretty, about 5' 4" and has a backside that immediately grabs your attention. She wore a dress (as requested) that clung tightly to her bumpy bits front and rear. Old as I am I got excited very quickly when she greeted me. To my surprise she did this by coming down to the bar/restaurant where I was having a coffee. When she entered I improvised familiarity for the benefit of onlookers and she played along beautifully (good job I had asked her to wear a dress). Following her upstairs was a joy in itself.

* A lot of Becki's face photos are selfies and some of them do not show just how good looking she is for real.

The Story:

We started with a chat interspersed with a few kisses and touches. She was very forthcoming about her background and her escorting career. She is clearly intelligent and very organised (check her itinerary on AW) despite the fact that she sounds so much younger than her stated age (27). Gradually clothes started falling to the floor as things began to heat up. She looked sensational in classy lingerie with stockings and suspenders and I really enjoyed snogging her as I started to explore her curves and caressing that glorious bum. Soon she was supine on the Emperor-sized bed with her thighs spread and me in pole position for indulging in my favourite pastime. There was just one problem, she had put her knickers on before her suspender belt. It was not the worst problem I have ever solved. Soon my tongue was working its magic, to her very evident delight. Wetness abounded and I was encouraged to continue for quite some time before that particular arrangement was mutualised, to my very evident delight. Seeing my cock disappearing in to her warm, wet mouth is an image I am still enjoying. As I also wanted to make it disappear in another place before I lost control, I indicated that condom time was rapidly approaching. As she sheathed me she commented on the size of my cock. I assumed that she was being complimentary, which she was in a way, but as she very gently mounted me I quickly realised that there was a practical rationale to her comment. Becki is quite tight and was not ready to take all that I had for her. I

switched her from cowgirl to missionary and took control of the situation, gently pushing in to her, finding her comfort zone and very slowly letting her relax naturally as I slowly built up momentum. As you might guess, by this time I was totally in love with this beautiful, sexy and so so young woman and was determined to please her (again). She got more and more orgasmic and to my delight my cock was behaving like it did 20 years ago. When she said she was close I increased the pace and pushed a little deeper until we came together in a wonderful (and dignified) mutual climax. Detumescence time was occupied with cuddles kisses and more engaging conversation. The whole experience was just a total delight that really took me back to my sexual heydays. Thank you Becki xxxxxx. I will definitely seek you out again.
