### The Premises:

An upstairs flat about a 5 minute walk from Angel tube station. The entrance was on City Road and the bedroom was really small and cramped.

### The Lady:

A dark Brazilian girl with largish breasts. The Adultwork profile was a wee bit flattering; she is a bit plumper, but quite attractive.

### The Story:

A basic punt consisting of covered oral which was quite good. This was followed by sex in the doggy position and culminating with me coming over her breasts. It wasn't a rushed session, but it felt like those I had in my Soho walkup days.
