The Premises:

Smart hotel very close to the tube. Bar was expensive, but I wasn't there to drink. No idea about parking, access was very easy via public transport. Busy hotel lobby, no issues with getting to the room. Room was excellent, two double beds, hot shower.

The Lady:

An utter vision at the door. Lovely smile, and you can't really miss her best assets...photos are accurate, but underplay the sheer magnificence of her breasts, which are truly staggering.

The Story:

Met at the door with a lovely bright smile. Offered a shower which I duly took as it had been a very long day. Then onto the bed for kissing and fondling leading to mutual pleasuring, which I believe she enjoyed. Then some of the most amazing head I've ever had - although tiredness may have prevented me from enjoying it as much as I should have done. OWO to a most pulsating completion and then a final shower before the long track home. Fantastic time was had and I'm already working out how to afford a return visit later on this week.
