The Premises:

Discreet location, on street parking, generally clean, however did find phlegm in the shower, fresh towels, heated floors, room was clean and warm.

The Lady:

Petit, English, blonde, late 20s, matched her photos exactly, including the leopard print lingerie, has her belly button and nose pierced, nice ass, decent sized boobs although they felt unnatural.

The Story:

I was getting undressed as Fiona walked in, when I looked at her I thought wow, mainly at her figure, I wouldn't say she was cute, the piercings don't really do it for me, seemed like a rock chick. I got undressed, lay down on the bed and was offered a massage. She attempted giving me a half assed massage that consisted of just touching my back and running her hands up and down as she pleased. I thought right let's forget this and go straight to oral. She didn't even offer owo, she went straight for the latex, I stopped her before she could rip it open and asked if she would do it without. She said, I don't really like precum, do you precum a lot, I said no and she said ok then we'll give it a go, it will be £10. The blowjob was mediocre, no effort, passion or anything really, just up and down up and down like a boring yoyo. I thought lets 69, the blowjob may get better, she agreed but said no sucking only licking, I said ok no problem. That didn't help, there was no change in rhythm or anything, the blowjob wasn't really doing anything for me. I said let's have sex, so on with the condom, she was on top, slow rhythm at first, and I thought wow, how monotone can this experience be, asked to speed it up a little, I came after a couple of minutes. She handed me tissues to clean up. I went to wash up and there was phlegm in the shower. All in all, not a very good experience with this lady, would not recommend whatsoever. Kind of felt ripped off paying £55 for a very inadequate service. Will call back once more to see India, if not then will be going back to the usual haunt.
