The Premises:

Angel is based in a shared flat above Warren Street Tube Station, access is off the main road so a little exposed but very busy so nobody really pays you any attention. The flat is okay once you get in but the common areas are a bit down at heel and dingy, there didn't seem to be any waiting areas or bathroom facilities to use when I visited.

The Lady:

Very pretty girl, tall, leggy with a great figure. Definitely the girl in the photos, those breasts ... well what can I say other than fantastic! Angel is very friendly and keen to put you at ease.

The Story:

My experience was okay, she was a lovely girl but I have to admit coming away slightly disappointed, Angel was lovely and she performed the services advertised (apart from FK) which was disappointing. I do like to kiss before I get fucked so maybe that was the cause! If you're not that bothered about kissing and want to visit a beautiful friendly vivacious companion then I would definitely recommend her!
