The Story:

Had been working in Birmingham for a couple of days and was on my way back to London. Had planned to meet Millie and made the short detour off the motorway to see her. She could certainly pass off as a schoolgirl, being early 20s. She seemed really happy to see me, and we were soon kissing like lovers. Oral followed and then covered sex. She put everything into making me happy, and I think she enjoyed it, too. I will certainly make another detour if I travel on the same motorway again. One of the best GFE experiences I've had. Thanks, Millie x
