The Story:

This was my first time with an escort, she asked and I answered her honestly, she laughed and said I made a huge mistake in choosing her, I might not survive the hour. She was right, I almost didn't, but I would have died very happy. Pixie is just spectacular. The only comparison is my reaction to seeing the play Venus in Fur on stage a few years ago. I was stunned that anyone could be so sexy, funny, and frightening at the same time, in the same sentence. That's Pixie, witty, incredibly sexy, and frankly scary as shit in the same moment. An amazingly life affirming experience. Can't imagine a better 60 minutes, except she mentioned that she likes to work with Ella, Elise, and Izabel. I will take her up on that, and report back.
