The Lady:

Lovely BBW, late 30's, and slightly bigger than her profile states. Fabulous tits and arse to die for. Well dressed with stockings and lingerie underneath.

The Story:

Met at the door as if we'd known each other for years. Great smile and then led upstairs to her bedroom. Formalities out of the way and straight to the action. Our hands explored and soon I was at heavens door as I felt her wetness through her panties. My fingers slipped into her slippery cunt and she was very wet. She then sat on the edge of her bed as I pulled her panties to one side and my tongue explored her wet cunt. Spent ages savouring her sweet tasting juice, before she took control and removed the rest of our clothes. She then focused on my rock hard cock, as she licked the pre-cum from my bellend, before taking its length into her mouth. Her oral skills are out of this world. Before long I wanted to savour my cock in her honey hole, and she suited me up. Started off with doggy style as she held onto the end of her bed, so I could savour that arse of hers. We then moved to her going on top and taking control again. Seeing her breasts rocking up and down it wasn't long I before I shot my load.

She cleaned us both up and we lay on her bed for a while chatting away like old friends - absolutely no rush.

The only downside is trying to get an appointment. It took several attempts to meet her, with appointments often cancelled at last minute, which was a bit frustrating, but I'm glad I persevered as she is a fantastic fuck.
