The Premises:

One of the flats I'd been to before. Comfortable and inviting. A perfect place to meet a lovely young lady with a large comfortable bed for having sex with her.

The Lady:

Serena is very beautiful, slim with a lovely pair of breasts. Bizarrely she thinks they're too big! Most women of her stature have to pay money to end up with a pair as well shaped and well proportioned as she has. Her English is still limited which is why she comes across as a bit distant but her youth and flawless body (at least to my eyes) more than makes up for that.

The Story:

I'm not sure I would describe my experience as a GFE but I had a good time. Serena is generally willing to do what she's asked (CIM being the major omission from her services) and she sucks cock very well. I asked her to meet me fully dressed and she duly obliged allowing me to admire her cleavage. I played with her breasts for a while as we got to know each other before I unzipped her dress and revealed her bra and knickers. Retiring to the bed, we had a cuddle as I explored her in more detail. After unclipping her bra to finally reveal her lovely breasts (her nipples were very responsive as I played with them), I invited her to start sucking my cock. I lay back and enjoyed the experience of her moving up and down my shaft, alternately licking and sucking. Knowing that I would soon come, I instructed Serena to lie on her back and let me remove her knickers. I then started work on her shaven pussy. While it was quite clear that she was never going to get very excited (I was only her second of the day but no orgasm was ever likely), she lay back and purred encouragingly as I explored her lips and clitoris.

Eventually it was time to fuck so I invited her to get on top. She adopted the reverse cowgirl position which allowed me to admire her pert bottom before I put her on her back and pumped her hard. The sight of this lovely young girl under me was too much to bear and I was (too) soon coming inside her.

Sadly, my stamina levels were low so I was never going to come again but I spent more time lapping at her pussy before deciding the time had come to leave.

It has been a while since I had the pleasure of a girl as young as Serena. I expected that she would

be less assertive than older women tend to be and was therefore not disappointed when this proved to be the case. However she is certainly one of the best looking women I have ever had sex with and that more than made up for her quietness. I certainly would see her again but possibly be more directive in what I wanted her to do.
