The Lady:

Completely false. Not the lady advertised even when I asked on the phone is that your picture? She replied "yes darling"

Girl that came was Hungarian 5 8" brunette 6/10 on looks

The Story:

Having confirmed the services over the phone to which she said yes and all I was stating were services on her profile,

Upon arrival first I noticed that's not her from the pic. Alarm bells should of rang but I was up for it!

Second I started to move in she quickly started stating her no go areas. All the services she said yes to on the phone became no AFTER she took the money!

We had a guy following us that came with her #awkward! And threatened me with violence when I said give my money back.

She made a phone call to another lady talking in her native tongue and then left with my money!

Se threatened me that one phone call will bring lads here and you're done! Now I'm tempted to use my hacking skills to take her down but won't be ethical.

I filed a report with the police and the police confirmed that it is a known gang quite violent operating.

So beware!!! Stay well clear
