The Lady:

She is a smoking hot, lusty sexual creature with a truly impressive portfolio of talents, kinks and experiences, especially for someone so young. I don't know how she became the person she is in such a short time, but if you are the recipient of her gifts count yourself as one of the lucky.

The Story:

I have been following Robin's European tour on Twitter (she is based in New York) and was excited to see that her travel and mine coincided in Copenhagen in addition to her visiting London.

Robin was quite charming and playful in her email communications and we set up a date in Copenhagen on her first day in town. She arrived to my hotel right on time, and we took things slowly, chatting over a bottle of bubbly she brought (classy!). She leads an interesting life, and I quite enjoyed getting to know her and chatting about our shared interests.

Not getting into too many intimate details, our date was a mind-blowing three hours of fun, with Robin taking the dominant role. She is truly passionate about what she does, and it shows in her talent and excitement for play. I've already booked time with her again in London next week!
