The Premises:

They have a new maid. This one is a tall, well spoken English lady with a clip board, which amused me.

The Lady:

Average looking girl, nothing special, crooked teeth and a mole on her neck, but what a twist. Her breasts are quite simply, astonishing! I would describe Danni as a placid girl but not a subby. She has a calm temperament and I immediately felt at ease with her. I think this is what is known as a GFE.

The Story:

I told Danni that I had spent ages looking at the photo of her in the coat. She said she had it with her and offered to go and get it. On her return we indulged in a bit of role play, and then she unzipped the coat to reveal her splendid breasts. I confessed to Danni that I had been obsessing about them all week while she transferred her lipstick on to my cock as she kissed and caressed it before rubbing it between "las tetas".

It was my intention to shag her but I was so into her fabulous, natural breasts that I forgot about this and when there was a knock at the door I was asked to hurry up and obliged by shooting my load on her tits. Great girl.
