The Lady:

Angel has been working since about Sept 2014 according to her earliest PN review. Unbelievably, I had never visited her. Today was the day I added her to my fuck-it list and I am glad I did. I kept putting her off because I thought there had to be a catch. Her body looks amazing in the photos so I was expecting there to be something wrong with the face. After all, why else is Angel's hourly rate ONLY £130? No such worries - Angel is beautiful. No blemishes. No tattoos. No strange odours or smoker's breath. Straight, white teeth and silky hair. Sometimes they put non-pixelated face shots of Angel on Twitter and they do not do her justice.

The Story:

Angel is built like an, err, angel, six feet tall in her heels. She towered over me in her and I buried my head in her crotch and stroked her black stay ups. Angel then took a step back and said she wanted to watch me playing with myself as I ogled her breasts and killer body. Then Angel teased my body with her tits and I had a good suck on her erect nipples. Next I lay on the bed and ate her pussy before Angel put the condom on my throbbing member and rubbed it against her pussy. Angel then climbed on top of me and rode my cock. I could have fucked her for ages but time was of the essence so I came inside sooner than I would have liked, rather than because I couldn't hold myself back. There was lots of eye contact and smiles. She has lovely dark, blue eyes that are the colour of the sea on a stormy day. The only negative is that there wasn't enough DFK for my liking.

I would visit Angel again and stay for longer.
