### The Story:

Jessica was a delight, very friendly and put me at ease straight away.

The hotel was clean and discreet and she met me where agreed at the right time and took me upstairs to the room.

From the moment we met she was attentive without being pushy and it felt more like a date than anything.

There was a shower which i used before and after and she had brought along toiletries instead of using the ones provided by hotel, which was an especially nice touch.

She had dressed in extremely sexy underwear/stockings and straight away asked me precisely what I wanted and how she could please me.

The oral was truly mind blowing and she was clearly skilled, taking me right to the point before easing back (which she kept doing, building things up)

She had brought a range of condoms with her and was more than happy to put it on for me.

The sex was as good as the oral, if not better, and once again she would bring me right to the point of cumming before easing back so we could change positions or go all over again.

Once I came she was very efficient, tidying up and making the room presentable while I took another shower.

At no point did it feel like she was watching the clock, nor did it feel like she was filling the time/time wasting

I will definitely use Jessica again when I'm in Brighton, a lovely woman and fantastic experience.
