### The Story:

The booking process with Louise wasn't quite as smooth as I would have hoped. This had to do with her family arrangements I suspect but it all came together nicely in the end.

She really is the sort of woman you could introduce to your mother with no worries whatsoever. She was wearing a very pretty yet sophisticated even modest dress which emphasised her delicious figure perfectly. She's quite a tall woman and they are much better at choosing these things I believe. Louise is a bit of a natterer. BUT importantly she's very bright and we chatted away for quite a while with interesting tales from her.

Readers will want to know whether Uncle got his end away and all the dirty bits. So yes to: breast fumbling and nipple-play, reverse oral, (tasted delicious) cowgirl then doggy and lying down doggie ( use the two different spellings as, truth to tell, I don't know which is the right one!).

I'm one of the many blokes who really do like to have a kiss and a cuddle with a lady and in that respect I was a little disappointed that Louise showed reluctance so to engage. I'd shaved carefully, I'd brushed my teeth twice, I'd popped some Listerine tongue disolvers. Perhaps she just doesn't kiss. Shame really. Perhaps it's one of her 'extras'

I loved her company nevertheless.
