The Lady:

The photos of Nadia on the Passion VIP website are accurate. But they don't truly show how small she is - she's tiny. She is gorgeous - very slim and sexy. She arrived wearing skin tight trousers and high heels which just added to her good looks. No one can be disappointed with her looks.

The Story:

Overall I was disappointed. Nadia has all the looks. Naked, she's fantastic. But the encounter was very sterile. On the website she's listed as an 'open minded' escort. This was not the case. Touching was very limited (she would not allow any pussy play). Oral was with. She consented to RO but then clamped her legs so that only the merest attention to her mound was possible. Sex required another rubber and the application of large amounts of lube. Penetration was controlled and limited (and I'm not that big).

She was pleasant and friendly, but not and 'adventurous' experience.

Its the first time I've used this agency. The experience with them was good. There was a little comms confusion but this was resolved. It was especially good for them to arrange an outcall to a hotel on the outskirts of Cheltenham for only an addition £20 on the normal fee.
