### The Premises:

Good location. Easy to find

### The Lady:

Not the lady on website. I phoned that morning for an appointment and was told it's fine but then was contacted via another mobile number - didn't think much of it at that time and thought she was simply using a second phone (many ladies seem to have multiple phones) but when I went to the location, it was a completely different girl. I thought I would be meeting Nicole and didn't expect this substitution without being told because she advertises herself as an independent.

### The Story:

Very poor. The girl had no experience in a proper sensuous massage, went through the motions and frankly left me cold. Very off putting experience.
