### The Story:

After being given a 20 minute runaround over the location, i was totally shocked to see she was about 5 stone heavier than her photos.

Paid £140 for PSE inc. filming. I also asked for a lapdance and for her to wear an outfit which i brought along

She didn't even come close to fitting into the outfit but still maintained she was a size 12 and the clothes were a 12.

Her attempt at a lapdance was awful. She even made sure she was at least 1 metre away and then said her high heels were making her dizzy so she had to stop.

Within 15 minutes of me getting there, she had my cock out was doing her best to drain it with her hands.

I came over her huge tits, exchanged pleasantries and left.

All in, i was probably there for no more than half an hour and 10 minutes was setting the camera up.

Got a puncture on the way home so it ended up costing me another £100 for what turned out to be

an awful experience and a total waste of money.
