The Premises:

Apartment block on the Euston Road close to Warren Street tube station. Front lobby smelled strongly of cigarette smoke but the flat was very clean and tidy, fresh sheets and towels and clean bathroom.

The Lady:

Sky is small, about 5ft without her shoes, very pretty with short blonde hair, not at all skinny though as she has a curvy figure and also has a lot of tattoos in various places.

The Story:

Greeted at the door by Sky in a short red mini-dress, exchanged paperwork and made use of the bathroom to clean up. Sky is certainly petite but has a knockout body with a soft round bum and great boobs. We started off kissing, not deep FK but very nice and natural feeling, Sky took me in hand as I was already rock solid. Lots of mutual touching then I went down on her for RO which was unforgettable as she has such a full-lipped pussy, not at all what I thought I'd find when first seeing her naked. I indulged myself using mouth and fingers, Sky enjoyed this too or at least did a good impression. After this it was on with the cover for a BJ then popped off my first shot. We kissed and chatted for a while then Sky's hands wandered down and she got me hard again, back on with a cover and she rode me cowgirl lifting herself up so I could see myself sliding in and out of her meaty pussy, then onto all fours for doggy which amazingly lasted a lot longer than I was expecting before finishing off with a second shot.

I have tried to make a habit of seeing different girls each time I punt as variety is the spice of life and all that but Sky will have another visit from yours truly in the not too distant future. A rare find indeed.
