### The Premises:

A new flat in a different part of Milton Keynes compared to the usual locations. Down the hill towards the rail station.

It took me a while to find the street, but then the flat was easy to find.

### The Lady:

Chloe is a gorgeous English girl, size 10 with lovely blonde hair. Perfect in every way!

### The Story:

When I arrived I was shown into another room to wait for Chloe. I started to undress, then she came in.

I said that I was pleased to see her again, as usual.

She came over to me and we had lovely standing kissing while I put my arms around her, touching her body,

with her gently responding. Then we got on to the bed and she gave me lovely oral without. She came towards

me and put her boobs over my face, so that I could lick and play with them. Next I asked to lick her pussy.

She laid on the bed while I did this, and I played with her boobs with my hands at the same time.

This soon got her very aroused and she had a super orgasm. She said that it was intense: this really pleased me

as I like the GIRL to have as much pleasure as possible - not just me. More kissing and cuddling, then time to

put on the condom. She got on top and we had gentle sex until she made me cum. Everything was so good.

I have now seen Chloe more times than any other girl, and a real pleasure every time!

Thank you so much Chloe. I feel so lucky to have met my favourite girl.

I will see you again soon. xx
