### The Premises:

The usual.

### The Lady:

Super sexy extensively and skillfully tattooed Russian brunette. Really well done art. Not as fit as the pictures suggest, feeling gravity a bit like all of us after a while. This in itself is pretty remarkable, she is the first of nine women I have seen at HOD who were not up to the pictures. A pretty amazing ratio that. Not fat at all, still very attractive especially w the great ink, just not as fit and lean as the pictures suggest.

### The Story:

She was surprisingly low energy given some previous reviews, languorous and all about the calm peaceful purposeful cocksucking not sweaty acrobatic sex. Her English is perfect, just with a gorgeously sexy Russian accent. Smart, funny, confident, a really great person to spend chill time with. Not sure if in a different mood she would be more energetic. Given her demeanor today and her twitter name Yanaganja I think the best possible application might be a long outcall smoking dope and just laughing and talking and listening to music and getting blown and eating pussy and lazily fucking. Actually that sounds pretty great.
