Two words: Absolutely Stunning

The Story:

When I first got in touch with Alex I really wasn't sure what to expect. We exchanged a few emails and arranged to have a chat on the phone, we explored our mutual interests and what I wanted to get out of a session. Alex seemed to be listening attentively and this showed as she asked me questions that dug deeper into what made me tick and got me to open up about my wants & desires.

On the day of the meeting I called to confirm and Alex sent me details of her well appointed and easy to find flat near Piccadilly Circus. Upon entering and meeting her any apprehension I may have had evaporated, here was a woman who was as intelligent and she is attractive and did her utmost to ensure that the session went as smoothly as possible.

We chatted to review what had been discussed previously over the phone and email, I was shown to the bathroom and after that the session started in earnest. Suffice to say that there a couple of memories I've taken away from this session that will stay with me for quite some time.

In summary Alex is an intelligent, sophisticated bad-ass babe who is unreservedly & unashamedly kinky - she really is the devil in disguise and I look forward to lifting that disguise in our future sessions.
