The Premises:

A long time since I'd been to a HOD flat before and I'd never been to this one. Décor was obviously in line with the Annabella's house style so although the flat was not luxurious, it was comfortable enough for an hour's relaxation.

The Lady:

Jai is a lovely 22 year old black girl with long hair, big (enhanced) breasts and an enthusiastic personality. The scars from the surgery were a bit pronounced but overall quite good job. She certainly likes them and uses them well!

The Story:

I arrived 15 minutes early while Jai was running 15 minutes late so I had half an hour to occupy myself. The maid kindly got me something to drink and a paper to look at and it was so hot, I needed the time to cool down anyway. I still got my full one hour as well.

Jai pretty much launched herself at me as soon as she arrived in the room and that really set the tone for our meeting. She got onto the bed next to me and we put our arms round each other and started kissing. Her tongue action was great and my passion levels started to surge. I forced her onto her back and started feeling her body through her underwear. After a few minutes, I pulled myself away invited her to come and stand with me at the end of the bed so I could admire and explore her more fully. After a while, she started removing her clothes and began to do the same to mine. She had a very sexy way of undoing my shirt.

I told her to kneel before me and she eagerly took the opportunity to start getting to know my cock. Boy does this girl suck cock well and I was soon very excited. I put my hand on the back of her head and thrust as deep into her mouth as I could. When I released her, to my great pleasure, she announced that she liked deep throating and being firmly held with my cock down her throat. What followed was the best deep throat session I have ever had as I would push on Jai's head forcing her to take my cock very deeply and then holding her in position so that she spluttered when released. She complimented me on the thickness of my cock which only encouraged me to keep on deep throating her. Mind you she seemed reluctant to stop so we were both having a good time.

Knowing that I would come very quickly if we carried on, I told her to get onto the bed so I could lick

her out. She was keen but said that she rarely orgasmed during sessions. A challenge that had to be met! I enjoyed myself teasing her lips, holding her legs apart so that I had full access to her pussy and then I felt a slight twitch as I worked on her clitoris and the slightest gasp. Encouraged by this, I continued working on her and soon had her responding fully to my tongue, eventually making her come after all! She was gasping a bit for breath so I had to give her a few moments to recover. I suggested that she kneel across my lap so I could spank her bottom. No objection came from Jai so she was soon being vigorously spanked by me as part of her recovery period!

I had calmed down enough by now to get my cock to work again so I lay back on the bed and invited her to mount me. Soon we were fucking firmly as I enjoyed the pleasures of her body. I then suggested that we try to fuck doggy style. I have difficulties getting in the right position for this but I discovered that by getting Jai to put her hands on the seat of the chair that was in the room, she was at just the right angle for me to enter and thrust successfully. Soon I was in a regular rhythm, watching my cock disappear deep into her cunt while reaching round to play with her breasts. When I felt my control was about to be lost, I withdrew, told her to kneel in front of me and prepare to receive my load. Once again she was keen to comply. She knelt down while I removed the condom and opened her mouth in readiness. It did not take much for me to finish myself off and after only a few moments, I was shooting into her mouth while also giving her face and breasts a generous covering as well. She looked lovely as she got up and discretely disposed of the spunk that she had taken in her mouth while allowing me to admire the sight of the upper part of her body and the sperm that was running down it. A definite result and I felt very satisfied at the orgasm I had received.

Jai went off and cleaned herself up but she was not away long. She was soon back, bearing a glass of water for me as she joined me back on the bed. We chatted a bit before we returned to a further full on snogging session. Boy, does this girl kiss well. She eventually pulled away and worked her way down my body before starting work on my cock again. This was very pleasurable but I could tell that the chances of my getting hard again in the time available were not high. This was a shame but I would rather wallow in some post-coital intimacy than feel frustrated at my failure to perform. Accordingly, we spent a few more minutes kissing cuddling and enjoying each other's bodies before deciding that time was up and I needed to get back to the real world. This didn't stop us having a further deep snog after we were both dressed and I was ready to leave.

Jai strikes me as a genuinely passionate girl who enjoys sex. At no point did I think she was going through the motions and she seemed to have genuinely enjoyed the orgasm I gave her. Many "submissive" girls are not enthusiastic whereas Jai was both. Another in the long line of Annabellas/HOD girls who give full satisfaction in the bedroom, I would not hesitate to see her again.
