The Premises:

The flat was very near Warren Street station. House of Divine is familiar to many, but this was my first visit. The room in which I was in was perfectly suitable for the purpose.

The Lady:

Veronica is tall, slim and busty. She has a gorgeous face and a lovely short haircut. While she is in her 30s, she has a body to die for. However, even better than her physical appearance is her personality. She speaks English as well as a native (she is originally from the Czech Republic), and she has a wicked sense of humour. No communication problems whatsoever.

She was wearing a black bustier, stockings and very high heels -- dead sexy. Veronica towered over me whilst wearing her stilettos, so much so that I quickly asked her take them off.

The Story:

I do not think I have ever laughed as much during a visit with an escort ... Veronica could be a stand-up comic. She is also damned sexy. I do not like to go into a lot of detail, but she pushed all my buttons very well. I was treated to OWO and cowgirl sex, as well as passionate kissing. i also think she enjoyed the reverse oral. The 45-minute visit was a perfect length of time for me. While HoD is the type of a place where it is difficult to overstay (there's a polite knock on the door when your time is up), Veronica made sure I got every second of a lovely massage after I climaxed.

This was Veronica's first day at HoD, and she admitted that she had already been quite busy by 6pm. I would not have known it, as I felt that I received 100% of her attention and then some. I hope she stays at HoD for a long time to come as I found it a very convenient and satisfying venue. I am sure that I will wish to see her again.

Highly recommended!
