### The Premises:

The usual place in South Ken, easy to find, discreet and hassle free. Her flat is simple but perfectly adequate with decent (but not amazing) shower facilities.

### The Lady:

Cleo looked a fair bit different to her profile photos (as is often the case) but even so wasn't a disappointment. The biggest difference was that she had brown eyes. I assumed this was just another one of those pointless photoshop things but she revealed at the end of the booking that they were coloured contact lenses - and promised to let me see her blue eyes if I go back and see her again!

### The Story:

Cleo is a very confident Romanian girl, and easy to talk to, even if a little cold at the very start of the booking. Once we got chatting she warmed a fair bit though and was good to talk to, with excellent English. I asked for a shower and freshened up, before we had a bit more of a chat and then got on with things. She likes to have her boobs played with, which is just as well as she is naturally very well endowed in that department.

As has happened a couple of times recently, she was a little concerned with my PA piercing so things were quite tame as a result, sticking mainly with mish throughout although this didn't bother me. She didn't massively get into things which was a shame, but is good looking enough for me to still enjoy our meeting.

My hunch is that she would probably be a next level up for a repeat visit (one or two girls in the past have been at least 50% more fun with a return visit I have found) and I plan to test that theory out in the near future... and hopefully see the blue-eyed version next time!
