The Lady:

a bit larger than pics.. looked good standing but maybe she was holding her stomach in, 'cos lying down she looked larger.. and when she turned around, I saw her ass was fat.

The Story:

A rip off merchant, tried to jerk me off but I saw what she was up to. After fucking her eventually I came from her jerking me off, and then she said that's it cum once. So she clearly had tried to get £100 off me for 5min with no sex. I got about 20min with her by not cumming for 20min. Nasty character. She didn't allow my mouth to touch her breasts either. Cold nasty personality with terrible english, and a rip off merchant trying to end it within 5min by jerking me off.
