The Premises:

A temporary location. A side street just up from Wood Green, permit holders only on street parking. There was shower facilities if required. Poppy does use other locations in London

The Lady:

Young slim white female, about 22 years of age. Her website pictures are accurate but do not do her justice. very polite and good commutator.

The Story:

After efficant email communication chose teacher pupil role play. Poppy wore uniform as requested, and looked the part. Poppy is very submissive and really enjoys her work. Took a very hard spanking. Also took a good strapping and cane. All the time was encouraged to play with tits and fanny.

Unless she is a good actor poppy reacted well all the time.

Then poppy finished with a blow job.

At no time did I feel rushed or was poppy clock watching. She was more than happy to sit and talk very relaxed before and after the session.

Would certainly recommend
