The Premises:

Easy to get to, and easy on street parking. Clean place, fresh smelling, although I did spot some animal faeces on the carpet which Sabrina said was from her small dog. She proceeded to clean this promptly.

The Lady:

The lady has a profile on AW and also advertises on vivastreet. The photos on vivastreet are not as representative as those on AW. She claims to be from Dubai, but is very evidently Eastern European.

The Story:

I arranged the meet by phone. I discussed that I wanted an assisted shower at the start and end of the meet. This was agreed, and was to be counted as part of the hour. When I arrived and handed over the money, the girl left the room to put the cash away while I undressed. When she returned to the room, I was ready for the shower, and she said she has already had a shower and didn't want another one. I tried to reason with her that this was our agreement but she became very aggressive asking me to leave - empty handed. I was very calm despite her aggressive attitude, but she intimated that she would call her "in-house security". She then proceeded to dial 999 and tell them that there is a man in her house forcing her to do what she does not want to do. With that I left, £80 lighter, but none-the-wiser as to what actually just happened.
